→ If the answer is YES to any of the above questions, a TB skin test is needed prior to your arrival on campus.

- The test should be administered no sooner than 9 weeks after working in or traveling to a high-incidence area.
- Should you travel be less than 9 weeks ago, you may have your test done within the appropriate timeframe.

Signature of Student Date Signature of Parent/Guardian if student is under age 18

**The significance of the travel exposure should be discussed with a healthcare provider and evaluated.*
