“Cornerstone University exists to empower men and women to excel as influencers in our world for Christ by offering a student-focused learning community where Jesus Christ is central.”

FROM THE DIRECTOR

Greetings!

It is my privilege to release Cornerstone University’s Annual Security and Fire Safety Report for calendar year 2021. This report provides an overview of the past year’s services, incidents and statistical data, as well as, Clery reportable data, policy statements and fire related incidents.

While the Covid-19 pandemic continued into the 2021 season, we were thankful that much of life returned to normal and we were able to experience the end of one amazing school year and the beginning of another. It was a time of our CU community coming together and we are thankful for the opportunity to work alongside so many wonderful people. We are also thankful for the opportunity to serve our student body. Our goal is always to provide a safe and secure environment for them to grow and we hope they’re able to look back positively on their time at CU.

As always, our goal is to maintain a proactive approach when serving our campus community and to foster strong and positive working relationships with all members of CU’s community. These relationships are what make our work more effective and allow us to be successful. CU has amazing students and we are grateful to work with them on a daily basis.

Like all universities, the safety and wellbeing of our campus community is very important and something we take very seriously. We work to maintain a safe and secure campus environment and have developed policies and procedures to ensure that safety and security. Our task is made easier with the collaborative efforts of our Spiritual Formation and Facilities departments. They help ensure that our mission is successful. While we work very hard, we also encourage students to be vigilant and take proactive approaches to their own safety.

Looking back on 2021, we are thankful for another wonderful year, despite all its challenges. Life started to return to normal in some ways but still presented challenges and we found ourselves constantly impressed with the quality of character of our students and were in awe of their perseverance through these unusual challenges. God’s presence continued to be felt on campus and brought us together as a community. The relationships we share with our community are the great joy of our work and we look forward to another year serving with and for our amazing community.

In His service,

Brandan D. Bishop

Director | Department of Campus Safety

DEPARTMENT OF CAMPUS SAFETY OVERVIEW

The Department of Campus Safety is tasked with overseeing the safety and security of the campus and all community members within and with enforcing university policy. Campus Safety is staffed 24 hours a day/7 days a week and consists of a director, switchboard/dispatch supervisor, part-time non-student patrol officers, part-time student patrol officers and part-time student switchboard operators/dispatchers.

Campus Safety officers are university employees and are not certified police officers. Per Michigan State law section 764.16, officers arrest powers are limited to the same arrest powers given to private citizens. Safety officers may initiate an arrest under one of the following:

- A felony is committed in the officer's presence,
- A felony has been committed not in the presence of the officer but presents an ongoing threat,
- If the officer is instructed to assist a law enforcement officer in the arrest,
- Or in the event retail fraud, commonly referred to as shoplifting, has occurred.

In the event a violation of city or state law happens on campus, local law enforcement are contacted to investigate and initiate arrests. Campus Safety's jurisdiction is limited to campus property and does not extend to public or other privately owned property. Cornerstone University's Campus Safety maintains a good working relationship with local, county, state and federal law enforcement agencies and these agencies are available to assist Campus Safety as needed.

The Campus Safety Department is located on the east side of campus in Warren Faber Hall.

Our Campus Safety personnel conduct continuous foot and vehicle patrols of the campus and routinely patrol building interiors. They also respond to a variety of service calls, including, however not limited to, vehicle lockouts, battery boosts, building and room locks and lockouts and a variety of personal assists. Additionally, officers address parking, traffic and conduct rules and regulations, and also respond to and investigate all campus incidents.

Our Campus Safety Department is responsible for establishing, maintaining and implementing parking and traffic regulations, as well as emergency response procedures inclusive of community member training. Our emphasis and proactive approach to behavioral and conduct remains based upon a pattern of information, education - mentorship, positive public relationships and lastly enforcement when all other efforts fail.

Officers are trained and equipped as well as authorized to be the primary responders to all campus medical incidents and other emergency matters, and work closely with CU Health Services, CU Spiritual Formation & Christian Community and local public safety organizations. Campus Safety also conducts monthly residence hall fire drills.

Our officers are responsible for locking and unlocking the campus buildings and the rooms therein daily. This results in officers turning locks approximately 100,000 times annually.

Our officers are also the eyes, (and in some cases the ears and noses as well), of our campus at all times keeping a watch on just about everything while working closely and in conjunction with other departments to ensure that the campus is safe and secure, looks good, functions well and services everyone and everything in an acceptable way.

PREPARATION OF THE ANNUAL SECURITY REPORT

The Annual Security Report is prepared, published and distributed in accordance with the requirements of the Campus Security Act of 1990, the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998, the Higher Education Amendments of 1998, the Higher Education Opportunity Act of 2008, the 2013 reauthorization of the Violence Against Women Act , including the Campus Sexual Violence Elimination Act (Campus SaVE), which amends the Clery Act, and all implementing regulations issued by the U.S. Department of Education.

Information for the Annual Security Report is collected by the Department of Campus Safety with the assistance of the Department of Spiritual Formation & Christian Community and local law enforcement agencies. Incidents are maintained in a daily crime log that is available at Campus Safety on request. The Annual Security Report is published annually and made available to students, faculty and staff. An email indicating the availability of the report, its contents and how to obtain a copy is sent out on or before October 1st.

The following pages of this report provide policy statements, Clery reportable data and fire statistics and policies. Additional detail on the department's activities and staffing are also included. This report will be distributed electronically to regular designated recipients and posted on the Campus Safety page of the Cornerstone University website and the university's portal for general review. Hard copies will be made available upon request. Those with questions or comments are requested to contact Campus Safety at 616-949-5300 or at campus.safety@cornerstone.edu.

ENCOURAGING THE REPORTING OF CRIMES

Cornerstone University's Department of Campus Safety strongly encourages all students, faculty and staff to report crimes and any suspicious activity to Campus Safety and/or to local law enforcement agencies. Crimes can be reported confidentially by contacting Campus Safety at (616) 949-5300 or dialing "0" from a campus phone. Anyone reporting a crime in person can also request confidentiality and can make that report to a member of the Campus Safety or Spiritual Formation staffs. Students, faculty or staff reporting a crime will be encouraged to file a police report with local law enforcement agencies but have the option not to. In those cases, the information will still be collected and properly reported by Campus Safety staff. If the report is a case of sexual violence or misconduct covered under Title IX, confidentiality cannot be guaranteed.

Campus Safety is not a sanctioned police agency and does not have the same enforcement powers as an official law enforcement agency. Campus Safety does not possess the authority to arrest beyond the conditions allowed to any private citizen under Michigan law. Those conditions are a felony committed in the person's presence, a known felony committed but not in the person's presence, at the request for assistance of local law enforcement, or in the case of retail fraud. Local law enforcement agencies may be contacted to assist Campus Safety in the event a crime is committed on campus.

Report crimes and emergencies to Campus Safety:

- Dialing 616-949-5300 or "0" from campus phones 24/7/365.
- Emailing campus.safety@cornerstone.edu.
- Contacting Brandan Bishop, Director of Campus Safety, at 616-949-5300 ext. 5444.
- Using "blue light" emergency call boxes located throughout campus.
- Using one-touch emergency call boxes at the main entrances of resident halls and in elevators.
- Visiting the Department of Campus Safety in the atrium area of Faber Hall.

Kalamazoo County Sheriff Department: 269-383-8821 for non-emergencies.

Kent County Sheriff Department: 616-632-6100 for non-emergencies.

9-1-1 should be contacted for all emergencies.

Information on crime and security awareness is provided in the student handbook and employee handbook. Training is conducted throughout the year with various departments and divisions, as well as, student groups.

TIMELY WARNINGS

In the event of criminal activity taking place on campus that poses a threat to the safety and security of members of the campus community or is a crime reportable under the Clery Act, a

timely warning will be issued by the Department of Campus Safety indicating the nature of the criminal activity, location(s), time of the incident and when reported to Campus Safety, and any other relevant information available. The types of criminal activity would be felonious in nature and present a serious risk to the physical wellbeing of the campus community. Timely warnings will be issued as soon as possible once felonious criminal activity has been reported to the Department of Campus Safety and the Department of Spiritual Formation. Announcements will be issued through the university portal. They may also be issued through email, printed notices and/or the Wireless Emergency Notification System (WENS). Aside from information related to the criminal activity, announcements will provide information on how community members should respond, including ways to protect yourself, and how to report further activity or related information.

Faculty, staff and students are encouraged to sign up for the WENS by visiting the Campus Safety page of the portal and clicking the WENS Emergency Alert Signup link. Participants will be requested to enter email and cell phone information. Multiple email addresses and cell phone numbers may be entered. Faculty and staff email addresses are automatically entered into the system upon hiring.

SECURITY OF AND ACCESS TO CAMPUS FACILITIES

Residence Halls remain locked 24 hours a day and are only accessible by Cornerstone University ID card through the card reader system. Students are required to carry their ID at all times. When entering or leaving the residence halls, students should ensure the doors close securely behind them. Doors are not permitted to be propped open unless authorized by Campus Safety or Spiritual Formation staff. Students locked out of residence halls should contact their Resident Director or a Resident Assistant.

All other facilities are unlocked and locked daily by Campus Safety staff in accordance with normal business hours. The unlocking/locking schedule may be amended due to holidays, whether school is in session, or special events. Individuals in buildings after normal business hours must have their ID card. The Department of Facilities and Physical Plant maintains a record of all keys that are issued to faculty and staff. Keys should not be shared or loaned out. Campus Safety patrols all campus areas by foot or car regularly. After-hour's access to facilities for authorized students, faculty and staff is available through Campus Safety.

EMERGENCY RESPONSE PLAN (ERP)

An Emergency Response Plan (ERP) is updated annually and disseminated to applicable departments and persons. Training in relation to the ERP is also conducted at various times of the year. For anyone who does not receive the ERP but would like to review it, a copy is available at Campus Safety.

CAMERA SYSTEM

Campus Safety utilizes a campus wide camera system. The system is monitored by Campus Safety and is regularly reviewed by Campus Safety and the Information Technology.

AUTOMATED EXTERNAL DEFIBRILLATORS

Automated External Defibrillators (AED) are located throughout campus and are available for use by anyone in the event of someone suffering sudden cardiac arrest. Most buildings are equipped with at least one AED or are within less than a minute walk. Training on how to use AEDS is offered throughout the school year.

ALCOHOL POLICY

The possession and consumption of alcoholic beverages is not permitted on the properties of Cornerstone University's main campus or off campus buildings by anyone regardless of legal age status. Those legally possessing alcohol will be asked to remove it from campus or discard it. Campus Safety and Spiritual Formation staff have the right to confiscate alcohol. Those under the legal drinking age of 21 are prohibited from possession and consumption of alcoholic beverages by state law. Individuals providing alcohol to persons under 21 are also in violation of state laws. Anyone found violating the policy on alcohol will be referred to the disciplinary process. In cases of a violation of state law, local law enforcement may be contacted.

ILLEGAL DRUG POLICY

The possession, use, distribution and manufacture of illegal drugs is strictly prohibited on all properties of Cornerstone University. Any student, staff or faculty found to be in possession of illegal drugs may be referred to local law enforcement for prosecution according to local, state and federal laws. They will also be referred to the university's disciplinary process.

While marijuana is now a legal substance for recreational use of persons 21 and older in the state of Michigan, it is still a banned substance on campus. Students found using or in possession of marijuana on campus will be referred to the disciplinary process and the marijuana may be confiscated. Persons under 21 found in possession may be referred to local law enforcement. Marijuana remains illegal under federal law.

ALCOHOL AND ILLEGAL DRUG – GETTING HELP

Alcohol and drug information, referral, counseling, and rehabilitation programs are available for students at Cornerstone. Students who need help (or who know someone who needs help) may contact the Spiritual Formation staff, the Health Services staff, or The Well staff for more information.

SEXUAL MISCONDUCT POLICY

Title IX of the Educational Amendments of 1972 protects people from sex discrimination in educational programs and activities at institutions that receive federal financial assistance. In addition to Title IX, the SaVE Act addresses the violence faced by women on university campuses. As a result of the SaVE Act, Campus Safety departments are required to include incidents of domestic violence, dating violence, and stalking to the crimes reported in the annual Clery report, and include them in the annual security report. The Act also expands the categories of reportable hate crimes to include any incidents based on gender identity or national origin. Campus Safety, a representative from Community Life, and Cornerstone's Title IX Coordinator are available to assist students in reporting and responding to incidents of sexual assault or harassment. Incidents are handled through the Advocate system which allows for reporting and tracking of information. All information submitted to a university representative or through the Advocate system is confidential. Incidents will be investigated and will result in internal disciplinary measures for the perpetrator. Incidents will also be referred to outside law enforcement officials for legal prosecution.

Anyone experiencing an incident involving rape, attempted rape, assault, physical aggression, and/or strong verbal force should contact 9-1-1 immediately. Campus Safety should be contacted second.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES POLICY

The importance of acting fast and alerting the campus community when dealing with a life-threatening emergency cannot be understated. An emergency may be designated as life-threatening by Campus Safety, Facilities, local law enforcement or the National Weather Service. In the event of a life-threatening emergency, announcements will be made through the Wireless Emergency Notification System (WENS), the clock tower public address system, the university portal or in person by Campus Safety, Facilities or Spiritual Formation staff.

The primary method of alerting the campus community is WENS. It is an emergency mass alert system that utilizes email and texting services to notify the campus community of a life-threatening emergency taking place on or near the campus. In the event of a life-threatening emergency, a designated member of Campus Safety will issue an alert describing the nature of the emergency, location of the emergency and what action campus community members should take, including safe locations. Safe locations may be other buildings on campus or specified safe zones off campus. Calvary Church and Northpointe High School are designated off-campus safe zones. After the initial alert is sent, follow up alerts will be sent to update the status of the incident, as well as, communicate the all clear. Update alerts and the all clear alert are made based on information provided by outside emergency response personnel, including law enforcement and fire department, to representatives of the Department of Campus Safety.

Biannual tests of the system are conducted each year, one in the fall semester within thirty days of the start of the school year and the other in the spring semester. The test is announced one week prior to the actual test. Unannounced tests may be conducted in conjunction with staff training throughout the year, but are generally limited to the summer and specific recipient groups. Tests for the 2021 calendar year were conducted on Monday, February 15th, at 1 P.M. and Wednesday, September 15th, at 1 P.M.

2021 FIRE SAFETY REPORT

Cornerstone University's Fire Safety Report is prepared and published annually by the Department of Campus Safety. Information for the Fire Safety Report is collected and maintained in a daily log that records the date, location and cause of a fire occurring on campus. The Fire Safety Report is made available to students, faculty and staff. An email indicating the availability of the report, its contents and how to obtain a copy is sent out on or before October 1st of each year.

Campus Safety, in conjunction with Residence Life staff and local emergency service personnel, regularly conducts fire safety programming (such as fire drills). Students are expected to proactively respond and to cooperate fully with any and all personnel involved in a fire alarm response.

FIRE STATISTICS

2021

- **There were no reported fires in any campus building, including residence halls, for calendar year 2021.**

2020

- **There were no reported fires in any campus building, including residence halls, for calendar year 2020.**

2019

- **Pickitt Hall (residence hall):** 03/23/19-Unintentional minor cooking fire in the residence hall. No personal injuries. Minor damage to a microwave.

RESIDENCE HALLS FIRE SAFETY POLICY

Compliance with local fire codes and concern for student safety necessitates the prohibition of potentially hazardous items, such as (but not limited to) extension cords or multiple outlets without surge protection, open-coiled/plate heating implements (such as space heaters or hot plates), non-incandescent/fluorescent open-bulb lighting (such as halogen, sun lamps, or open bulb Christmas style lights) open-flame lanterns, candles, and incense. Appliances like (but not limited to) microwaves, toaster ovens, irons, coffee makers, and refrigerators exceeding 3 cubic feet are not permitted in residence hall rooms other than the kitchen areas of apartment style residence halls (such as Babcock and Crawford).

Cornerstone University is a tobacco free campus, including in the residence halls. Students are expected to refrain from the purchase, possession, distribution, or use of any smoking materials or products (including but not limited to cigarettes, cigars, pipes, chewing tobacco, hookah and e-cigarettes) during enrollment periods at Cornerstone University.

Fire safety also necessitates that hallways, stairwells, and emergency exits be kept clear of obstruction at all times. In addition, tampering with fire safety equipment will necessitate disciplinary measures and/or referral to legal prosecution. If safety equipment is found to be inoperable or tampered with, students are encouraged to contact the departments of Campus Safety and Facilities.

REPORTING A FIRE

To report a fire emergency, contact 9-1-1 and Campus Safety at 616-949-5300.

For smaller fires that can easily be extinguished, contact Campus Safety and the Resident Director for the residence hall. All fires should be reported regardless of size or severity.

RESIDENCE HALL EVACUATION

Each residence hall is equipped with audible and visual fire alarms, fire extinguishers, emergency exits and other safety equipment. Evacuation procedures are reviewed by Community Life staff at the beginning of the school year. Maps of evacuation routes are also posted in the hallways of each floor of the residence halls. Residents should be aware of the various exits in the event of an alarm.

In the event of a fire alarm, residents should:

- Evacuate the building immediately by using the nearest exit.
- Never take an elevator during a fire in case of a power outage.
- Check doors and door handles before opening and slowly open in case fire or smoke is on the other side.
- Close all doors.
- Do not reenter the building until the “all clear” is given by Campus Safety or the fire department.
- If you are unable to evacuate, call 9-1-1 and provide your location.

If you discover a fire but alarms have not been activated, pull the nearest pull station and evacuate the building. Once you have exited the building and are in a safe location, contact 9-1-1 and Campus Safety.

RESIDENCE HALL FIRE DRILLS

Fire drills are conducted in all occupied residence halls during each semester. Both drills are unannounced and conducted within the first three weeks of the start of classes. If any residence halls are occupied during the summer, drills in those dorms are conducted within the first two weeks of the summer session. Semester drills for calendar year 2021 were conducted on Wednesday, February 17th, and Tuesday, September 14th. Summer drills were conducted on Tuesday, May 18th, for Babcock Hall.

Johnson Controls conducts annual inspections of all fire alarm systems each summer.
