

Steering Committee Agenda

February 14, 2022

1. Teacher Education Updates: (10 Min. - Matt & Kim)
2. Round Table Discussion questions: We are hoping you can come prepared to discuss the following topics:
 - **First-year Teacher Mentorship:** Can you describe what your district does to mentor first-year teachers within your district? Along with this, what are some of the areas you see first-year teachers, in general, tend to struggle with that we could live into more here at CU?
 - **Teacher morale/Retention:** With the current climate in our world towards education right now, what are some intentional things you are doing in your district to help teacher morale and retention?
 - **Upcoming Steering Committee Meeting Goals/Ideas:** Would you be willing to host these meetings on your campus? We will discuss the ideas and thoughts on this change as we wrap up the meeting.
